www.newwindsormd.gov

Great news! Our Streetscape project is underway. This project includes the replacement of the aging water line on Main Street and High Street (Rte. 31) along with new laterals, insertion valves, and water meters. Bi-weekly updates on the project are being posted on the Town's website. This project is being funded with \$4,000,000 from the State of Maryland. If all goes as planned, this project should be completed in the fall of 2024.

Once the water line replacement project has been completed, the Maryland State Highway Administration is scheduled to begin its responsibilities of the Streetscape Project. This will include new ADA-compliant sidewalks and ramps, retaining walls, curbs, pedestrian lighting, and paving. I've been working with our State Delegation to ensure full funding for this portion of the project is secured.

My 8th Annual Mayor on the Square Food Drive will be held on Saturday, November 18 from 9:00 a.m. to 4:00 p.m. Unfortunately, there are families in our community that deal with food insecurities. I'll be at Fountain Park collecting canned and non-perishable foods, personal hygiene products, monetary donations, and new or slightly used coats. Please challenge your friends, family, schools, and organizations to help make this another successful event. All donations benefit the New Windsor Food Bank which is located at St Paul United Methodist Church.

*I think people forget that it doesn't take a big donation to help someone,
just a lot of little donations.*

Hannah Teter

TOWN CALENDAR

OCTOBER

- 4 Town Council Meeting 7pm
- 5 Yard Waste Pickup
- 7 Music on the Main
- 9 Columbus Day, Town Hall Closed
- 14 Bulk Trash 8am-12pm

Stormwater Pollution Prevention **Restaurants & Food Service Industry**

Dear Owner/Manager:

You and your staff play an important role in keeping pollution out of the storm drain system and out of local streams. This stormwater protection guide is provided to help you comply with environmental storm drain system requirements within your local municipality and the county. It is illegal for unauthorized wastes or wash waters from your business to enter the **storm drain system or waterways**. You may have to pay for clean-up costs, fines, or encounter more stringent measures as a result of an incident through local, state, and federal regulations. This brochure is meant to help you avoid those situations, to promote clean stormwater runoff practices, and to make it easy for businesses to understand the water pollution regulations that affect them. If you have questions, you may contact your local municipality or the County agency contact on the back of this brochure.

Carroll County Department of
Land & Resource Management

What is Stormwater Pollution?

The term stormwater is used to describe water from rain or snow. Stormwater that does not soak into the ground becomes surface runoff from roof tops, parking lots, streets, yards, and other impervious surfaces. This runoff flows into surface waterways or is channeled through storm drains.

Storm Drain vs. Sanitary Sewer?

Most storm drains flow directly into streams without any treatment. Newer storm drain systems may flow into a stormwater management facility and discharge to streams or infiltrate into the groundwater with potential contaminants.

Unlike the sanitary sewer system, the storm drain system is NOT connected to the wastewater treatment plant. The sanitary sewer system takes

Gaithersburgmd.gov, 10/9/15

wastewater from your restaurant (toilets, sinks, dishwashers, and property connected mop/clean up sinks) and sends it to a treatment plant that removes contaminants before it is released.

Good Housekeeping Best Management Practices (BMPs)

Employ these Good Housekeeping BMPs to help prevent stormwater runoff pollution into nearby storm drain systems and waterways.

www.adlawaz.com/equipment-financing/ 10/9/15

Manage Kitchen Grease Properly

- ♣ Keep grease storage containers clean and wiped off. Inspect regularly. Keep under roof if feasible.
- ♣ Prevent grease from dripping or overflowing when transferring and emptying containers.
- ♣ Ensure container lids should fit securely and are closed.
- ♣ Regularly service grease containers by a licensed hauler and supervise activity.
- ♣ Never dump grease down a storm drain.

www.evashenaw.org, 9/21/15

Trash/Recycling Storage and Handling

- ♣ Place non-hazardous waste (trash, food, packaging, etc.) in sealed bags prior to disposal. Minimize liquids.
- ♣ Keep lids on trash/recycling cans, bins, and other outdoor containers.
- ♣ Regularly inspect dumpsters for leaks and for loose trash. Replace leaking dumpsters.
- ♣ Do not dispose of any materials in storm drain.

Control Outdoor Washing Activities

- ♣ Pour wash water into a janitorial or mop sink. Don't pour it outside or into the storm drain.

- ♣ Wash all equipment indoors with wastewater directed to floor drains or sinks.
- ♣ Clean floor mats, filters, and garbage cans in a mop sink, wash rack, or floor drain connected to the sewer through a grease trap.

- ♣ Wash items outdoors only as a last resort and according to local code. Wastewater from outdoor activities **MUST BE CONTAINED**, recaptured, and disposed of into the sanitary sewer system. (ex. high pressure washing, etc.)

Sweep Sidewalks and Parking Lots

- ♣ Sweep outside around front and back doors to control litter and debris, cigarette butts, and packaging waste from customers and deliveries.

Eliminate Illicit Drain Connections

- ♣ Plumb indoor drains according to local sanitary code. Do not discharge plumbing and drains to gutters or streams.

Spill Prevention/Dry Cleanup Measures

- ♣ Use dry methods for spill cleanup (sweeping, cat litter, or absorbent). Don't hose down spills outside.

Train and Educate Employees

- ♣ Ensure employees understand the effect their daily activities could have on water quality, as they are more likely to respond to training.
- ♣ Include stormwater pollution prevention / water quality training in employee orientations, reviews, and staff meetings.

Conduct Routine Inspections

- ♣ Perform routine inspections to help ensure your work site complies with stormwater requirements.
- ♣ Make sure all pipes inside your business are properly connected to the sanitary sewer system.
- ♣ Review your current practices and look for areas where you can improve. Use the *Stormwater Pollution Prevention Self-Inspection Checklist and Action Plan* to assist with this process.
- ♣ Record any changes you make to document corrections and improvements.

CARROLL CLEAN WATER PARTNERSHIP

**COMPLETING YOUR STORMWATER POLLUTION PREVENTION
SELF-INSPECTION CHECKLIST AND ACTION PLAN**

Assessment and action planning requires respondents to assess their current activities and identify any specific actions needed to prevent pollution and improve water quality stewardship.

To create your own Stormwater Pollution Prevention Action Plan, please fill out the following checklist. If you have any questions, please contact the Carroll County NPDES Compliance Specialist at (410) 386-2210 or npdes@carrollcountymd.gov.

If you would like to take the additional step to become a Clean Water Partner, please review the process at the end of this assessment. You will be asked to provide a copy of the completed Stormwater Pollution Prevention Self-Inspection Checklist and Action Plan and verify when the action steps have been implemented.

NEW WINDSOR HERITAGE MUSEUM

Small Town with a Big History

New Windsor Heritage is proud to support Maryland and National History Day! Each year more than 31,000 middle and high school students in classrooms throughout Maryland immerse themselves in in-depth research and create original documentaries, exhibits, performances, research papers, or websites exploring a breadth of historical topics within an annual theme. To celebrate their 50th anniversary, NHD's theme will be *Turning Points in History*. This year's theme invites young people to consider questions of time and place, cause and effect, change over time, and impact and significance. A turning point can be an idea, event, or action that directly, or sometimes indirectly, causes change.

(<https://www.mdhumanities.org/>) Visit us on Saturdays from 10 am -1 pm to learn about turning points in New Windsor's history or contact Lisa at lamacurak@gmail.com to learn more about how we can help your young person with his/her project.

Feb. 24, 2024: Carroll County History Day Competition (Snow date: March 2, 2024)

April 3, 2024: Registration closes for Maryland History Day

April 10, 2024: Student Projects Due

May 4, 2024: Maryland History Day Contest

June 9-13, 2024: National History Day

Visit us during "Music on the Main" on Oct. 7th! We will have baked goods and other items for sale including the New, Revised Edition of *Time's Crossroads: The History of New Windsor, MD*

Stop by our Fountain Shoppe in our museum for unique holiday gifts including cards, earrings, books, t-shirts and more!

New Windsor Auxiliary to the Fire Department

Apple Dumpling Sale

It's that time of year again. Fall is coming and apple dumplings are on the menu. What! You don't like making apple dumplings. Well, you are in luck! The New Windsor Auxiliary is having an Apple Dumpling Sale on October 6, 2023. Apple dumplings will also be on sale at Music on the Main. If you have preordered, pick up apple dumplings at the carnival grounds 4:00 pm – 7:00 pm on October 6, 2023. \$4.50 each.

Visit the auxiliary stand at Music on the Main to register for prizes (adults and children) and to learn ways to protect your family if you have a fire. Oh, and don't forget to satisfy your craving for an apple dumpling. \$4.50 each.

15 Week Final Drawings

Did you buy a 15 Week Club ticket? If you did, don't forget to come to the final drawings and all you can eat buffet on October 14th. Doors open at 4:00, dinner served 5:00. The five final drawings begin after dinner. Good luck to all ticket holders.

Big Money Bingo

Do you enjoy playing BINGO? Our Big Money BINGO on November 11, 2023, is the perfect opportunity to put your luck to the test. Large Jackpot \$1500, Small Jackpot \$600, Specials pay \$300, Regular games pay \$200. Cost \$60 in advance or \$70 at the door. Fried Chicken dinner included. Doors open 4:30, first game starts 6:45. For information call or text: Angie 443-677-2166 or Tressa 443-487-1278.
