TOWN OF NEW WINDSOR
209 High Street - P. O. Box 609
New Windsor, Maryland 21776

October 28, 2025

Dear Residents of New Windsor,

The Town has been informed that Public Service Enterprise Group (PSEG) has proposed a new power line route for the Maryland Piedmont Reliability Project (MPRP) that will encroach on Town-owned property.

We understand that this change in the proposed MPRP/PSEG project plan may raise questions and concerns regarding the potential impact on our neighborhoods, environment, and overall quality of life. However, since this is not the final plan, we are still in the information gathering stage and will continue to monitor project developments.

Please know that the Town Council and I, along with the Carroll County Commissioners and other officials, oppose this project and are closely reviewing these changes and are determined to ensure that our community's interests are fully represented. The Town is committed to transparency throughout this process and will provide updates as more information becomes available.

Thank you for your continued engagement and care for our Town.

Sincerely,

Kevin R. Cornick
Mayor
New Windsor, Maryland
